DIPLOMA - MECHANICAL ENGINEERING

Sakthi Polytechnic College, Sakthi
Nagar, Erode - 638315
2012- 2015 Percentage - 92%

SSLC (10TH STANDARD)

Little Flower Matriculation Higher
Secondary School,
Sathyamangalam - 638401
2011- 2012 Percentage - 87%

TECHNICAL SKILLS

Programming language

- Python

Backend Framework

- Django with Rest API

Frontend Technologies

- HTML5, CSS3, JavaScript
- React, Bootstrap,

Database

- SQLite, MySQL

Development Tools / IDEs

- Visual Studio Code (VS Code)
- PyCharm

Version Control

- Git, GitHub

INTERESTS & HOBBIES

- Playing Chess and solving Sudoku puzzles
- Solving Mathematical and Logical problems
- Coding and Exploring new technologies

INTERNSHIP

Infolexus Solution, Coimbatore

02 March 2026 - Current

Assisted in building scalable web applications and RESTful APIs using Python-based frameworks.

PROJECTS

1. Project Name: Banking Management System

Link: <https://github.com/gowtham-tech-dev/Banking-Management-System>

Description: Developed a web-based banking application using Django framework following MVT architecture. Implemented core banking features such as user registration, login, deposit, withdrawal, and fund transfer using account numbers. Managed database operations using Django ORM. Used Django authentication system for secure login and role-based access.

Technology Used: Python, Django, HTML, CSS, Bootstrap, SQLite

2. Project Name: Campus Portal (Team Project)

Link: <https://github.com/gowtham-tech-dev/Campus-portal>

Description: Collaborated with a team to develop a web-based campus portal for managing student and faculty activities. Assisted in backend development using Django, including user authentication, database integration, and CRUD operations. Worked on features like announcements, attendance, and event management, ensuring smooth workflow.

Technology Used: Python, Django, HTML, CSS, Bootstrap, SQLite

3. Project Name: Pantaloons Replica E-commerce Website

Link: https://github.com/gowtham-tech-dev/Pantaloons_replica_website

Description: Implemented dynamic content rendering and interactive UI components for better user experience. Focused on clean layout, responsive design, and cross-browser compatibility. Created interactive product listings, navigation menus, and carousel sliders.

Technology Used: HTML, CSS, JavaScript, Bootstrap, jQuery

CERTIFICATION AND TRAINING

Full Stack Python Development

July 2025-December 2025

Pumo Technovation, Coimbatore

Learning Python, Django, Flask, HTML, CSS, JavaScript, and database integration. Gaining hands-on experience in building web applications and backend systems. Working on practical projects to implement full-stack development skills.

Python Bootcamp - LetsUpgrade(Online)

06 Oct 2025-08 Oct 2025

Gained strong Python fundamentals, including OOP, data structures, and scripting. Learned practical applications of Python for web development. Developed small Python projects to practice coding efficiency.

WORK EXPERIENCE

SCUB, Sathyamangalam

Mar 2019 - Apr 2021

Banking Assistant (Contractual)

- Worked with computer systems and data records, daily banking operations
- Collaborated with teams to resolve operational issues

Royal Enfield, Chennai

Mar 2018 - Oct 2018

Quality Inspector - Engine Assembly

- Checked product quality and maintained reports and Documents
